LISTENING

Your scaled score is between 300 and 400. Test takers who score around 300 typically have the following strengths:

- They can sometimes infer the central idea, purpose, and basic context of short spoken exchanges, especially when the vocabulary is not difficult.
- They can understand the central idea, purpose, and basic context of extended spoken texts when the information is supported by repetition or paraphrase.
- They can understand details in short spoken exchanges when easy or medium-level vocabulary is used.
- They can understand details in extended spoken texts when the information is supported by repetition and when the requested information comes at the beginning or end of the spoken text.
- They can understand details when the information is slightly paraphrased.

To see weaknesses typical of test takers who score around 300, see the \*Proficiency Description Table. If your performance is closer to 400, you should also review the descriptors for test takers who score around 400.
